The NGT Dynamic® signature range stands for exceptional quality. This range features products designed specifically for anglers who demand the best from their fishing tackle.

Made with precision and using only the best materials, products range across all of the NGT brand, from rods, reels, barrows and trolleys, lights, our new bait and more. The Dynamic® range is highlighted throughout this catalogue.

In order to earn the Profiler® name, products must be made of good quality materials and must constantly perform well in whatever situation they are specified for. If you are looking for a fantastic range of tackle, then look for the Profiler® name.

Not everyone has a massive budget to spend on their fishing gear. The XPR® range offers exceptional quality products at a competitive price. So if you want a lower priced bargain and still want something you can rely on, then the XPR® range is what you need.

The QuickFish range says it all in the name. A trustworthy name that offers the same NGT level of quality that caters for anglers who are looking for a simple range of tackle that is easy to store and carry for quick trips to the lake, river or canal.
Our new range of Dynamic® boilies have been designed and rolled in the UK using only the finest ingredients with well-balanced nutritional content and enticing flavours. All Dynamic® boilies are designed to trigger feeding, and more importantly, keep carp coming back for more! Extensive field testing over many months on a variety of different waters has resulted in some tremendous catches, with countless specimen fish and large hauls recorded.

As well as 900g of 15mm boilies, free wafters and pop-ups are also included with each bag, allowing for a variety of methods to be used on the hook, whether it be a bottom bait, balanced bait or popped up bait. This versatility in hook bait combined with a truly exceptional boilie ensures that the modern day carp angler can fish with the utmost confidence in their bait… at all times.

There are five flavours to choose from:
- Washed Out Mango & Cream
- Washed Out Banana & Hazelnut
- Washed Out Krill
- Tuna & Sardine
- White Chocolate & Tigernut

SLINGS, SACKS & BARS

CAPTUR® SLING & HOLDING SYSTEM

Our Captur® floating sling and holding system is available in green or camo and features:
- 8 independent net floats to ensure the system always floats on the water even in severe conditions
- A double zip and locking clip to ensure no chance of the fish escaping
- A 2m rope and peg to secure the system to the bank
- 2 removable bars that hold the system open at all times
- A fine, fish friendly mesh running along the sides and bottom of the system allowing fast drainage
- 6 carry handles - to cover all contingencies
- Large in size - so, ideal for specimen fish
- Comes with a carry case

Size: 120 x 50 x 26cm
Weight: approx. 1.35kg

DELUXE FLOATING SLING

The ever popular, deluxe floating sling is made from a fish friendly, 420D waterproof, PVC material. Featuring EPE foam tubes on each side, this sling will keep a float in tough conditions. It is comfortable and easy to carry and can be fully opened using the heavy duty zippers on each side.

Size: 120 x 55 x 14cm

CARP SLING SYSTEM & CASE

A deluxe sling system with zips on either side. This allows you to easily and safely place the sling on top of your unhooking mat, then place the fish on this and zip up and weigh (and release) with ease. This sling has fibreglass rods running through its upper seam for added strength and stability. Reinforced end caps and stink bag case are all included.

Size: 120 x 50cm

BIVVIES & BROLLIES
NGT FORTRESS 2 MAN BIVVY

A 2 man, 3 rib, single skinned, green bivvy supplied with a detachable, heavy-duty, PVC groundsheets. Constructed with an extra stable frame, which gives this bivvy a vast amount of space for up to two people with bedchairs. Complete with two windows and a fold up door. Made from 100% waterproof, 210D PU, hydrostatic material and supplied with heavy duty pegs and comes with a carry bag.

NGT FORTRESS 2 MAN HOODED BIVVY

The next step in the evolution of the NGT Fortress 2-Man Bivvy. Like its predecessor, this bivvy features a 3 rib, single skinned design with a detachable, PVC groundsheet. The main feature is the new hood for added protection from the elements and providing a shield from the bright sun in the summer months. There’s plenty of room within the bivvy for two people and their bedchairs and with a strong and sturdy frame, there’s no risk of it going anywhere. This bivvy is also made from a green, 210D PU, 100% waterproof material and comes with heavy duty pegs and carry bag.

16mm PROFER SLIM ROD RESTS

These lightweight aluminium rests come in either black or gun metal and are ideal for slimmer carp rods with direct carbon blanks. (16mm and EVA lined). Stylishly finished, these rests not only look great, but also offer the ideal back rest for the discerning carp angler.

25mm PROFILER SLIM ROD RESTS

The Profiler Slim rod rests also come in a larger 25mm size, perfect for cork or EVA handled rods. As with its smaller brother, these rod rests are stylishly finished in either black or gun metal.

NGT ‘GRIPPZ’ ROD REST

This self adjusting rod rest will firmly hold down your carp rods and immediately release them when you strike. One of the best butt rod rests on the market!

NGT 2pc VS ALARM & WIRELESS RECEIVER SET

Our wireless VS Bite Alarms plus receiver are proving very popular. Slick looking, with line roller bite indication technology, these alarms have range of circa 200m. This means you don’t have to be by your rods at all times. They also come with two sets of snag ears, one being long and the other short, to suit the fishing situation you are in.

INFORMATION CODE DESCRIPTION R.R.P.
FBA-W/LESS-2PC-VS 2pc + Receiver Alarm Set 200m Range on Blister (VS) £44.95

NGT 3pc VS WIRELESS ALARM & RECEIVER SET

A set of the ever reliable VS wireless alarms, paired with a receiver with a range of up to 200m. With the usual VS alarm features, this set also comes in a very handy hard wearing and heavy duty carry case, offering safe protection for your alarms. Other features include:

• 3 Alarms with red, green and blue LEDs
• 6 screw in snag bars (3 short and 3 long)
• Vibrating receiver
• Variable tone
• Variable volume
• Rolling Code System (No interference between sets)
• Waterproof

Receiver requires 4 x AAA batteries, alarms require LRV08 batteries.

- 7 multicolour LEDs
- Variable latching settings
- Volume control
- Tone control
- Vibration mode
- Night light functions
- Low battery warning
- Rolling code function - avoiding interference from other alarms
- All weather construction
- 100-150m range
- Requires 9V battery
- Can also be synced to the new NGT Dynamic® Bite Alarm Receiver Light (Not included)

**BITE ALARMS**

**Dynamic**

**WIRELESS BITE ALARM SET**

Using the buttons inside the base, this additional bit of kit can be synced as an accessory to the Dynamic Wireless Bite Alarm Set. The central LED colour can be matched to the alarm and receiver to indicate which rod is going off, whilst at the same time setting off the surrounding white LEDs to light up the bivvy to assist with night bites. The bivvy light brightness is adjustable to stay on for 10, 20, 40 or 80 seconds. Additionally, it can be used as a standard bivvy light. It is easy to attach to your bivvy using the magnets included, making it versatile for light placement. This light operates on 3 x AAA 1.5v batteries (not included).

NGT MULTI-BAIT GRINDER SYSTEM

This bait grinder system from NGT makes light work of grinding down baits for use in groundbait, PVA bags, for bait boats etc. It crushes pellets and boilies in seconds with a few, simple turns of the handle!

MULTI-BAIT GRINDER NEOPRENE CASE

A hard wearing, neoprene case to fit our Multi-Bait Grinder System and keep it protected.

NGT BOILIE GRINDER

Makes grinding easy, pop the boilies in, push together and with a few twists you’re ready to go.

NEW translucent version arriving autumn 2018

BAIT DELIVERANCE

20mm THROWING STICK

This 20mm diameter throwing stick is made from a highly robust, polycarbonate, plastic tube and is fitted with a non-slip, rubberised handle, which provides a solid grip even with wet hands for single or double handed throwing. The curved head helps to increase the spin of the boilies, providing greater throwing range and accuracy. A must for all specimen anglers.

Size: Diameter 20mm x length 92cm

20mm THROWING STICK WITH QUICK LOADER

The NGT Throwing Stick now has a quick loader system making it easier to refill between throws. Made from the same materials as the standard throwing stick, with its non-slip rubber handle and new wrist strap, this throwing stick makes bait distribution easier whilst maintaining superb accuracy.

Size: Diameter 20mm x length 92cm

DYNAMIC® 3K CARBON THROWING STICK

An ultra lightweight, 3k, carbon throwing stick and deluxe, neoprene case. This is one of the lightest sticks on the market and will accommodate baits up to 22mm.

BAITING SPOON & HANDLE SET

A green baiting spoon with a 35cm aluminium handle. This extremely well made item is ideal for baiting swims and mixing spod mix.

Carp Catapult

This really is a perfect catapult for all carp anglers. Made from a robust material and surgical elastic from the USA, this catapult gives anglers an accurate way of dispensing bait, perfect for medium and long distance work.

Carp ‘Particle’ Catapult

For baiting with particles, look no further than the NGT ‘Particle’ Catapult. Made from a strong and flexible material and surgical elastic from the USA, this catapult is the ideal tool for any carp angler looking to spread compact pockets of bait wherever it’s needed.

General Coarse Catapult

A great catapult for all coarse anglers. With its robust design, high-grade, surgical elastic from the USA this catapult is ideal for close to medium range baiting.

Match Catapult

A top quality, match fishing catapult that is great for short distance baiting and ideal for pole and float fishing. Compact, lightweight and with high grade surgical elastic from the USA, this catapult ensures an accurate and compact dispersal of bait.

Screw Cap Feeder System

Easier & Faster to Change or Refill than Conventional Feeders

One Cap Fits All
NGT’s unique patent pending interchangeable Screw Cap Feeder System makes changing feeders quick and easy.

No Re-Rigging
Change feeders without the need to re-rig. Simply insert and replace, ideal for changing from maggot to cage feeder.

Lasts Longer
The Screw Cap Feeder System has no perishable parts and outlasts most conventional feeders.
4 PACK NGT SCREW CAP FEEDER SET

A pack of 4 feeders, with a twist! All of these feeders work with the same screw on cap. So you can change from a maggot feeder to a cage feeder or vary the weight of feeder without having to re-rig. Re-filling a feeder is also faster and easier as the feeder can easily be detached from the rod and quickly re-attached with a few turns. Each pack contains a 20g and 30g maggot and cage feeder. Patent pending: GB2531262

4 + 1 IN-LINE METHOD FEEDER SET

A set of 4 in-line method feeders [15g, 20g, 24g & 30g] and a soft touch, moulding cap, perfect for packing on plenty of bait.

FISHING ACCESSORIES
THE COMPLETE ANGLER’S SELFIE TRIPOD

The easy way to take pictures of your catch. If you’re fishing on your own during the day or night and catch that special fish, now you can savour the memory with the perfect picture using this Angler’s Selfie Tripod. Simply set this up and with the Bluetooth remote, set off a timer or take a direct picture looking into the screen of your smartphone. This also comes with a night light and case. You can also fit our LED Light and Powerbank System on to the tripod (available separately).

Carp Pillow

Now you can give a carp a cuddle whenever you want with this carp shaped soft toy! Our brand new design is available in 3 different sizes (35, 70 and 90cm). A second design is also available in a 70cm size.

Perch Pillow

Not a bad ‘perch-ase’ when you consider how cuddly this 60cm pillow/soft toy shaped as a perch is!

Dynamic® Bivvy Table Bag
Designed to fit the Dynamic Bivvy Table. See page 39.

Giant Bivvy Table
This is the daddy of bivvy tables. With a large surface area and five section divide, this giant bivvy table offers the angler the space and solid setting that other tables can’t. Features include:
- Full metal construction (aluminium)
- Four fully adjustable mud feet
- Larger than most bivvy tables with 5 sections
- Easy to fold away and store

Size: 35.5 x 60cm
Weight: 2.5kg
Registered Design # 6001196

Bivvy/Bait Table with Adjustable Legs
A green aluminium bivvy/bait table with adjustable legs. Robust construction with 1.5mm aluminium panel, four 20mm, independently adjustable, aluminium tube legs and rubber feet to prevent table from slipping. Easy to fold flat for storage.

Size: 38 x 32 x 17.5-23.5cm

DISTANCE STICK SET
A pair of aluminium distance sticks with glow in the dark tips. 12ft string and case also included.
Size: 38 x 32 x 17.5-23.5cm

STAINLESS STEEL QUICK RELEASE SYSTEMS
A pack of 3, stainless steel, quick release systems. Ideal for use on your bite alarms, buzz bars and net handles

BLACK, ALUMINIUM QUICK RELEASE SYSTEMS
An aluminium version of our quick release system. These are great little gadgets to help packing up for the day that little bit quicker.

HOOKSAFE SYSTEMS
A pack of 3 Hooksafe Systems. Ideal for storing ready made rods or for those on the move. Just clip this onto your rod ring and then attach the hook into the foam insert. Keeps hooks safe and sharp and keeps rigged up rods tidy!

FISH AID SPRAY
A must have for all specimen anglers. A one touch antiseptic spray, ideal for use after unhooking and on any body damage like post spawning.

LATE ADDITIONS
QUICKFISH SCALES

The Quickfish Digital Scales are a great addition to the NGT range of products. They feature a large LCD screen that displays in pounds and kilograms and also a battery level indicator. They give you the chance to store the heaviest weight and has a tare weight function. A 9v battery is fitted and the scales will shut off after 60 seconds to save power. It also comes with a stowaway hook and they will hold up to 55lbs/25kg.

WEIGHING POLE WITH CROOK

Designed to make it easier to weigh your catch, simply attach your scales and sling to the crook hook at the end of the pole and with your foot or a weight on the ground spike end, raise the pole up in a lever motion. The pole is made from a strong aluminium tube, with a steel crook hook and easy-to-grip rubber handle. Size: 170cm

3m ‘SCREW-FIX’ NET HANDLE

A twist on our popular ‘Screw-Fix’ Handle, this is a new 3m, telescopic version. Using the screw threads on each section, this can be fished at 1m, 2m or 3m. Whether it’s at close range, far banks or zigs, the handle is ideal for any situation and can handle a carp too.
